MANITOBA POPULATION ESTIMATES - April 1, 2008

		April 08	January 08	April 07
POPULATION		1,196,291	up 2,725	up 12,986
NET MIGRATION	**(January to March)**		**2008**	**2007**
	Interprovincial		67	-228
	Total		1,919	2,033

Manitoba's total population was estimated at 1,196,291 persons as of April 1, 2008, up 2,725 persons from the January 1, 2008 estimate. Population growth continues on an annual basis, with Manitoba's increase since April 1, 2007 estimated at 12,986 persons, or 1.10%. Manitoba's April 1 to March 31 growth of 12,986 persons is the best since the 1982 to 1983 period, when it was 13,677 persons. A large portion of Manitoba's estimated population gain of 12,986 persons over the past 12 months was the result of immigration (10,699 persons). The immigration flow of 10,699 persons from April 1, 2007 to March 31, 2008 is the best since at least the April 1, 1972 to March 31, 1973 period.

We recorded an estimated net gain of 67 persons from other provinces through interprovincial migration in the first three months of 2008, an improvement of 295 persons from the net loss of 228 persons in the first three months of 2007. In the first quarter of 2008, Manitoba gained population on a net basis chiefly from Ontario (252) and Nova Scotia (37), while most of the losses were to Quebec (-66) and British Columbia (-58).

Interprovincial migration is generally offset to some degree by other types of population movement (international migration, Canadian citizens returning from abroad, non-permanent residents and Canadians temporarily abroad). When these other forms of population movement were combined with interprovincial migration, Manitoba recorded an overall net migration gain of 1,919 persons in the first quarter of 2008. This net gain of 1,919 persons marked a decrease of 114 persons from the net migration gain of 2,033 persons in the first quarter of 2007.

Net international migration for the first three months of 2008 was 1,755 persons, down from 2,004 persons in the first three months of 2007.
